

Challenges	This solution or project will be hard to do because <u>there isn't a lot of space for these projects</u>
-------------------	---

IDEA #3

Problem/Issue to Address	A problem at my school is <u>lack of sports equipment</u> . This is a problem for <u>(students)</u> / teachers / community members) because <u>there is a lot of students who would love to play different sports but the lack of equipment prevents that</u>
Possible Solutions/Projects	Our class can fix this problem by making <u>buying more equipment</u> or doing <u>that will last longer</u> .
Benefits	This solution or project will be good for our school because <u>it increases the motivation for students to play and give our school a better name,</u>
Challenges	This solution or project will be hard to do because <u>it's hard to divide the money evenly.</u>
